SCREENS & SHUTTERS

Create private, wind free areas on your deck with these clean lined, low maintenance aluminium screens and shutters

Santa Fe Aluminium Screens and Shutters are designed to help you create beautiful, functional and affordable outdoor rooms that give you the ability to make the most of your indoor / outdoor living all year round.

Select from our huge range of powdercoat colours to ensure that your shutters enhance the exterior colour scheme of your home and look great for years to come.

The shutters can be installed to slide or bifold to allow you the flexibility to fully open or fully enclose your outdoor area. Or, you can choose the more cost effective option of having a screen fixed in place. The blades can be fully adjustable or fixed.

Santa Fe combines style with practicality to help you create a unique statement on your home, office or holiday home. Whichever product you choose, you can be certain that Santa Fe will work alongside you to provide you with a great service experience.

FLORIDA RANGE

These shutters have the flexibility of adjustable blades so that you have the ability to fully control your privacy, view and wind protection.

Choose from -

Florida Slimline 90

Florida Slimline 115

A wonderful slimline blade with a powder-coated clearview tiltbar.

Maximum Blade Span 1500mm

Florida Superview 150mm

Florida Superview 190mm

This blade is lockable and has a more defined aerofoil shape and stainless tiltbar.

MALIBU RANGE

Blades in the Malibu shutters are held in a fixed position - A variety of different frame depths are used.

A slim frame holds the blade in a more upright position to give extra privacy and the deeper frames allow the blades to be angled to allow more light and airflow.

Malibu 70

Malibu 90

Maximum blade span 1200mm.

Blade positions are at set spacings and angles.

Malibu 115

Maximum Blade Span 1500mm

Malibu 150

Maximum Blade Span 2400mm

Malibu 190

Maximum blade span 2900mm

Blades spacings and angles

varied to suit on 115, 150 and 190.
