**Add a touch of  
elegance and  
sophistication to  
your home.**

Whether you prefer the timeless charm of Woodlore or the classic sophistication of Normandy, our range of shutters are custom made to fit and are available in an extensive product range for every style, colour, shape, size, function and budget.

**SANTAFÉ**  
SHUTTER & BLIND EXPERTS

# Dedicated to Quality and Sustainability

Our extensive range of shutters offers something for every window and budget, crafted from sustainably sourced timber and responsibly managed plantations — better for your home and the environment than PVC. After making window furnishings for over 22 years, you can rely on us to deliver quality products that will look exceptional in your home and last for a long time.

## Sustainability and Santa Fé

At Santa Fé, sustainability and innovation are at the heart of everything we do. Backed by Norman®, a trusted leader in high-quality window treatments, we guarantee exceptional products that enhance your home and don't harm the planet. Our shutters are crafted from sustainably sourced wood, and we avoid PVC to ensure a healthier home environment.

## Better for you and your family

At Santa Fé, your family's well-being is our priority, which is why our products adhere to strict safety standards, free from harmful chemicals like heavy metals, formaldehyde, VOCs and CARB offset gases.

We design our shutters with safety in mind, especially for the littlest family members, ensuring they are PVC-free and contain no toxic substances like lead.

Our commitment to a safer and healthier home environment extends to offering cordless solutions and additional safety features, providing you with peace of mind through reliable and sustainable products that are better for you.

## Quality and innovation: our commitment

Santa Fé is dedicated to excellence by designing and assembling our own components, ensuring superior quality and innovation. This commitment allows us to exceed industry standards in quality, service and safety.

## Award-winning excellence

Our dedication to innovation and sustainability has earned us prestigious awards, including WCMA and REDDOT. We continue to strive for excellence, providing beautiful, safe and functional window furnishing solutions for every home.

## More choice

We are proud to offer a diverse range of products, colours, fabrics, finishes and sizes, delivering the most customisable window treatment options to suit any home.

## 10 year warranty

You can rely on us to provide window treatments that stand the test of time, Our shutters are backed by a 10-year warranty to give you the utmost confidence in your purchase.

# Why Santa Fé shutters are superior

**Choose Santa Fé for a commitment to quality, sustainability, craftsmanship and safety that stands the test of time.**

## **Custom made for you**

Every shutter we create is meticulously crafted to meet your specific needs, whether in size, shape, material, or type. Our approach guarantees the highest quality and reliability, supported by our warranty for peace of mind.

## **Precision crafted by artisans**

Our products are carefully crafted by skilled artisans who bring their expertise and attention to detail to every piece. Our shutters are not just window treatments; they are works of art that add beauty and value to your home.

## **Enjoy your view**

Experience EasyTilt, the only tilt rod system entirely concealed within the shutter. Unlike other “hidden” tilt rods attached to the back of the shutter at the weakest point of the louvre, our minimalist design ensures trouble free operation and enhanced louvre closure, functionality, aesthetics and longevity.

## **Made for New Zealand conditions**

From sustainably sourced timber to intricately hand-carved finishes, we are committed to delivering products designed to withstand New Zealand’s unique conditions.

Our shutters are available in 5 louvre sizes - 47mm 63mm, 76mm, 89mm and 114mm.

## Woodlore Shutters

Woodlore is the world's best-selling shutter, offering quality, cost-effectiveness, attractive design, functionality and durability all at an affordable price.

These shutters are not only environmentally safe, but also exceed even the most stringent international safety standards. Furnished with incredible density and strength, Woodlore Shutters are built to last a lifetime.

The wood type used in Woodlore is stable, robust and stronger than solid wood shutters. They're free from any of wood's natural imperfections and has higher resistance to heat damage compared to PVC or vinyl shutters.

### Unparalleled durability

Woodlore are crafted with a solid wood composite core, designed to withstand temperatures up to 60°C without sagging, unlike hollow vinyl products. They resist cupping and warping, ensuring a tight closure and smooth operation. The UV inhibitors protect against colour fading and yellowing, while the patented polypropylene coating resists staining, for long-term performance.

### Eco-friendly

Woodlore Shutters are made from one of the most eco-friendly materials available, using wood composite that generates minimal waste and uses up to 95% of every tree.

# Woodlore Plus Shutters

Woodlore Plus is a hybrid shutter that's lightweight and very durable. It's tougher, has more colours and is more versatile than ever before.

Woodlore Plus is a wood composite hybrid shutter that uses lightweight yet durable ABS for its louvres, a material often used in high-end endurance applications such as appliances, car parts and helmets. Woodlore Plus combines ABS louvres with structured wood composite frames and rails and is VOC safe and CARB compliant for off-gassing.

Woodlore Plus offers a wide range of colours, sizes and customisation options to fit your personal style. Your design possibilities are endless.

# Woodlore Plus Waterproof Shutters

Woodlore Plus Waterproof are designed specifically for wet areas around your home, they are fully waterproof so are the perfect choice for bathrooms, kitchens or laundries.

Woodlore Plus Waterproof achieves the perfect balance between beauty, strength and durability.

If you have specific windows that you like to keep open for ventilation 24/7 this shutter will endure unexpected showers of rain or a constant moist sea breeze.

Made from lightweight and hardwearing ABS and has fully waterproof panels and frames and stainless-steel hardware that won't rust or corrode.

## Normandy Shutters

**Sophisticated and unique, Normandy Shutters showcase wood's distinctive beauty and luxury.**

Crafted from solid timber sourced from sustainably managed hardwood forests and plantations, Normandy stained shutters are made from Phoenixwood, known for its rich natural grain and high strength-to-weight ratio.

All Normandy hardwoods are prescription wood conditioned for long-term stability.

For our painted range, enjoy the same exquisite design with the added durability of ABS coated stiles, ensuring a lasting, perfectly smooth, beautiful finish.

Normandy Shutters offer an extensive range of special shapes and customisable options to fit your unique needs. Whether you have arched windows, circular shapes, or any other unique design, our expert team can create custom solutions to enhance the aesthetic appeal of your home.

## Ultra Shutters

**The ultimate in innovation, craftsmanship and quality, Ultra Shutters are our most premium wooden shutter.**

Ultra Shutters represent over 20 years of expertise, combining our best ideas, designs and materials.

Made from 100% super-premium hardwood, Ultra Shutters use 30% more wood than Normandy Shutters.

This makes them a larger, stronger and more robust choice of shutters for your home.

Enhanced with 30% more paint, they undergo meticulous hand sanding and finishing, resembling the finest heirloom furniture. This attention to detail gives Ultra Shutters contemporary elegance and exceptional refinement, making them our flagship product and one that's bound to impress your friends and neighbours.

# Technology in your home

Choose from our shutter motorisation options for an easy, seamless experience to suit your lifestyle.

## Long-lasting battery life

Our shutters, equipped with durable lithium-ion batteries, operate for months on a single charge. They feature a built-in USB port for easy charging and solar panels for an eco-friendly solution.

## Versatile control options

Adjust your shutters to your liking with manual settings, the SmartDial remote or a phone app. The SmartDial remote allows quick selection of pre-set positions or custom settings, making it simple to achieve the perfect light and privacy.

## Child and pet safe

Our shutters include a smart feature that stops the louvres when an obstruction is detected, keeping curious hands and playful pets safe. The anti-jam technology ensures seamless operation while maintaining safety.
