**Seamlessly  
blend indoor and  
outdoor living with  
SmartDrape.**

SmartDrape is a modern, versatile and unique window covering that offers the elegant, sophisticated look of curtains and the privacy of blinds.

Its award-winning design offers the look of S-fold curtains, providing excellent privacy and light control. Available in on-trend whites, neutrals and classic darker tones. SmartDrape features individual removable vanes with two built-in opacities.

## A smart space solution

SmartDrape offers a sleek design with a compact stack depth, reducing bulk compared to traditional curtains. Its innovative top track system ensures a minimal 3mm gap between the track and shade, creating a seamless look. The beautiful brackets and headrail design complement any interior.

## Versatile fabric options

Available in both light filtering and room darkening fabrics, SmartDrape offers a total of 49 colour options. Choose light filtering fabrics for a gentle diffusion of light, or room darkening fabrics for enhanced privacy and light control, perfect for any room or aesthetic.

## Effortless transition

Switch between sheer and solid fabric with a simple twist of the wand, providing easy access and control over light and privacy. Walk through any part of the shade, whether it's open or closed, seamlessly connecting indoor and outdoor spaces.

## Motorise your SmartDrape

Enhance convenience by motorising your SmartDrape with the Norman® SmartDial remote. Easily select from preset positions or customise your own, ensuring the perfect balance of light and privacy with just a touch.
