Ultra Shutters are carefully crafted by skilled artisans who bring their expertise and attention to detail to every piece.

Even wider panels

Made with 30% more wood than Normandy to create the most robust and widest single panel options, these shutters are up to 14% wider than our Normandy range.

Invest in timeless quality

Our shutters are not just window treatments; they are works of art that will add beauty and value to your home. Unlike some trends, shutters offer a classic and enduring style that will look beautiful for years to come.

100% premium FSC timber

Ultra is made from 100% super-premium selected and sustainably managed hardwood. The select timber is sourced from multiple tree species, taking the best part of each tree.

We're proud that our Ultra shutters are FSC-certified, which ensures the hardwood used is sourced from responsibly managed forests and plantations. This is part of our commitment to sustainability and eco-friendly practices.

Finished to perfection

Every shutter is meticulously hand sanded with even more finishing sequences to ensure the finest quality. The additional finishing gives these shutters longer lasting colour fastness, ensuring the colour you choose will go the distance.

Ultra embodies quality akin to the finest heirloom furniture, displaying a contemporary elegance that's bound to impress your friends and neighbours.

Endless design options

Ultra Interior Shutters are available in 5 louvre sizes, 47mm, 63mm, 76mm, 89mm and 114mm.

You can also choose from 50 stunning standard paint and stain colours, or if you prefer, you can custom paint these in any Resene, Dulux or Aalto colour of your choice.

10-year warranty

Our shutters are backed by our 10-year no questions asked warranty to give you the utmost confidence in your purchase.
