Redefining Venetian Blinds with innovative design

Flexible and efficient functionality

Norman® Venetian Blinds are available in a range of options. Choose from Phoenixwood or Fauxwood slats in 50mm or 63mm sizes for a refined, natural look, or select 25mm or 50mm aluminium slats for a sleek, modern finish.

With SmartPrivacy technology, enjoy seamless operation, opt for a cordless lift or the SmartRelease system for smooth, hands-free lowering.

Exceptional customisation

Our venetian blinds offer extensive customisation with a wide range of colours to choose from.

Phoenixwood blinds are available in 31 colours (14 paint and 17 stain options), Fauxwood in 7 standard colours, 25mm aluminium blinds in 30 colours and 50mm aluminium blinds in 16 colours.

Each slat is designed to minimise light leakage and enhance privacy, with hidden string hole options for a cleaner look.

Sophisticated control choices

Choose from corded, cordless or G3 cordloop systems, all designed for safety and ease.

The corded option offers classic control, while the ultimate cordless system provides ease of user with a sleek, modern appearance.

The G3 cordloop with SmartRelease technology allows for precise, effortless adjustments.

Customised comfort and durability

Whether you prefer the timeless appeal of a corded blind or the sleek convenience of a cordless or cordloop design, our Venetians are crafted to deliver both style and function.

Made from high-quality materials like Phoenixwood and Fauxwood, these blinds resist fading and warping, ensuring lasting beauty and durability.
